

SERVICE TECHNICIAN (m/f) - SPAIN

Do you like the latest electronic equipment, use your technical knowledge and apply your technical skills to adapt to our customers, and make the best possible service?

Then you have the base to be part of HEUFT, since it is necessary to work as an engineer or service technician in HEUFT HISPANIA.

HEUFT HISPANIA in Coslada, Madrid, is the subsidiary of the German HEUFT SYSTEMTECHNIK GMBH, which with more than 1000 employees worldwide, we are leaders in the international market in high-performance and high-tech inspection and quality control equipment. Focusing on different markets such as the food, beverage and pharmaceutical industry.

The activities of HEUFT HISPANIA and its geographical area of work are in Spain, Portugal, Colombia, Ecuador, Venezuela, North Morocco and Angola, without limiting ourselves to this and supporting all the activities of the group worldwide.

Due to the constant growth of HEUFT in the industry, we find ourselves with both the development of new projects and the generational change of personnel, so we want to incorporate three engineers or service technicians to our team.

Basic Requirements of the HEUFT SERVICE TECHNICIAN

- To Be in possession of the qualification of Upper Level Technician in Vocational School in electronic branch, mechatronics, automation or similar or equivalent experience.
- Higher technical qualifications, engineering, will be valued.
- Ability to work in a team, proactively and always looking for continuous improvement.
- Previous field experience in the food, beverage or pharmaceutical sector will be valued.
- Customer orientation. Ability to handle different levels of interlocation.
- Worker with communication skills, high sense of responsibility and precision.
- Availability to travel nationally and internationally.
- Spanish knowledge (C2). Indispensable knowledge of written and oral English (B1). German and Portuguese skills will be assessed.
- Indispensable driving license type B.

It is offered,

- Full-time independent work within an international operating organization.
- A challenging and varied work.
- Stable work within a multinational, with a vocation for service.
- Continuous training by the company, both of our products in our German parent company, and relevant elements in the workplace.
- Contract 6 months + Indefinite.
- Interesting salary, depending on the candidate's worth.
